RE: Use of body worn camera

Released to County
Attorneys Office

Rockport Police Department Policy forbids the practice of recording other members of this department without their expressed knowledge. While your use of your assigned body worn camera to record a meeting with Asst. D.A. Downing was not a direct violation of this policy, it was a display of poor judgment. That video will now be part of the case file and will have to be released to the defense council in this trial. Furthermore, each case that you are subsequently subpoenaed for, there will be questions concerning recordings of meetings between you and members of the District Attorney's office.

You are not to record any meetings with staff of the Aransas County District Attorney's. Any future meetings that you have with the D.A.'s office you are to notify your immediate supervisor. In event that your immediate supervisor is not available, you are to notify me. A supervisor will accompany you to any meeting with the D.A.'s Office.
